

BROWN

Preferred Provider Network Directory 2008 - 2010

Brown University has selected Claim Strategies as their workers' compensation administrator.

Claim Strategies, on behalf of Brown University, has comprised a list of providers that are experienced in treating work related injuries. This list has been approved by the Medical Advisory Board (MAB) of the Workers' Compensation Court.

This directory contains a listing of physicians and other health care providers participating in Brown University's Preferred Provider Network.

This network listing is arranged by specialty and location and can help you find a physician or health care provider convenient for you. For assistance in choosing a physician or health care provider that is best suited to treat your injury, you may contact your workers' compensation claims administrator, Donna Alexander at 709-7637.

The Workers' Compensation Act contains certain guidelines for those employers with an approved participating provider network and you should check with your claim representative prior to making any change in physician.

Since the information in this directory is subject to change, please contact your claim representative for confirmation of your provider's participation in the network prior to receiving treatment.
