

**Attention All Science Teachers in the Providence Public School System!!!**

**Are you interested in conducting exciting and interdisciplinary summer research at Brown University?**

**Apply for a  
Research Fellowship for K-12 Teachers  
as part of the  
NSF GK-12: “Physical Processes in the  
Environment” Program**

**Eight Providence Public School teachers per summer will be selected to work in specific research labs at Brown in collaboration with Brown faculty and graduate students. Hands-on research projects will allow teachers to experience cutting edge science and will therefore enforce the applicability and impact of their classroom work.**

**BROWN**

***6-week Summer Program Dates: July 2-Aug 10  
Summer Pay: \$4,500***

**BROWN**
