

Directions for Visitors to Brown University Geological Sciences

By Plane - T. F. Green Airport is located about ten miles south of Providence. The most economical mode of transportation to the campus is by shuttle (Airport Limousine Co.), which leaves the airport on the hour and arrives on campus about 15 minutes later. A taxi will run between \$20 and \$25.

By Train/Bus - The train terminal is located in Providence's downtown district. From there, you should take a cab to campus. The Peter Pan bus terminal is located to the north of downtown and provides a free shuttle to Kennedy Plaza. From there, you can either walk "up the hill" (about 10 to 15 minutes), or take a bus or cab to campus. A taxi from either locale will run between \$10 and \$15.

By Automobile - to the Visitor Parking Lot*

(Note: Construction projects in the city may require adjustments to the routes below.)

From the North or South: From either I-95 South or I-95 North, take Exit 22A, Downtown, Memorial Boulevard. At the fifth traffic light, turn left onto College Street. Cross the bridge and proceed up the hill following College Street to the end. At the top of the hill, where College Street intersects with Prospect Street, you will see Brown's Van Wickle Gates. Turn left onto Prospect Street. At the next light, turn right onto Waterman Street. At the second light, turn right onto Brook Street. The visitor parking lot will be on your left immediately after turning onto Brook Street.

From the East: Follow I-195 West until exit 2, South Main Street. Travel down South Main Street to the first light. Turn right onto College Street. At the next stop sign, go straight up the hill. At the top of the hill, you will see Brown's Van Wickle Gates. Turn left onto Prospect Street. At the next light, turn right onto Waterman Street. At the second light, turn right onto Brook Street. The visitor parking lot will be on your left immediately after turning onto Brook Street.

From the Northwest: Follow Route 146 to I-95 South. Once on I-95 South, follow the directions above (from the North and South).

Rates for the Visitor Lot are:

Mon - Fri 8am - 6pm \$3.00/hour

All Day Rate until 6pm (M-F) \$15.00

Weekdays after 6pm, weekends, holidays \$1.50/hour

To get to the Geological Sciences Main Office from the Visitor Parking Lot: On foot: walk back up Waterman Street (west towards the main campus). Turn left (south) on Thayer Street. You will pass an eight-story concrete building (the Science Library). The next building you'll see on your left is a modern red brick building called MacMillan Hall, home for Geological Sciences, Environmental Science, and Chemistry. Take a left

on the walkway directly across the street from the arch. The walkway leads to the main entrance of MacMillan Hall (*image below*).

Walk along the long, curved glass hallway until you see a display case with rock samples on your left. The entrance to Geo-Chemistry is through the double-red doors on your left, immediately after you pass the rock case. The Geological Sciences Main Office is in GeoChem 101, first door on your left.

To get to the Lincoln Field Building (the Planetary Geosciences group) from the Visitor Parking lot: On foot: walk back up Waterman Street (west towards the main campus). Turn left (south) on Thayer Street. You will pass an eight-story concrete building (the Science Library). After half a block, on your right, you'll see a tall archway (Soldier's Arch). Take a right off Thayer and walk under the arch to enter Lincoln Field. Take the left path around the green to the three-story, red brick stand-alone building called "The Lincoln Field Building" (*image below*). For assistance, please see the administrative person in Lincoln Field 106.

****Alternative Parking***

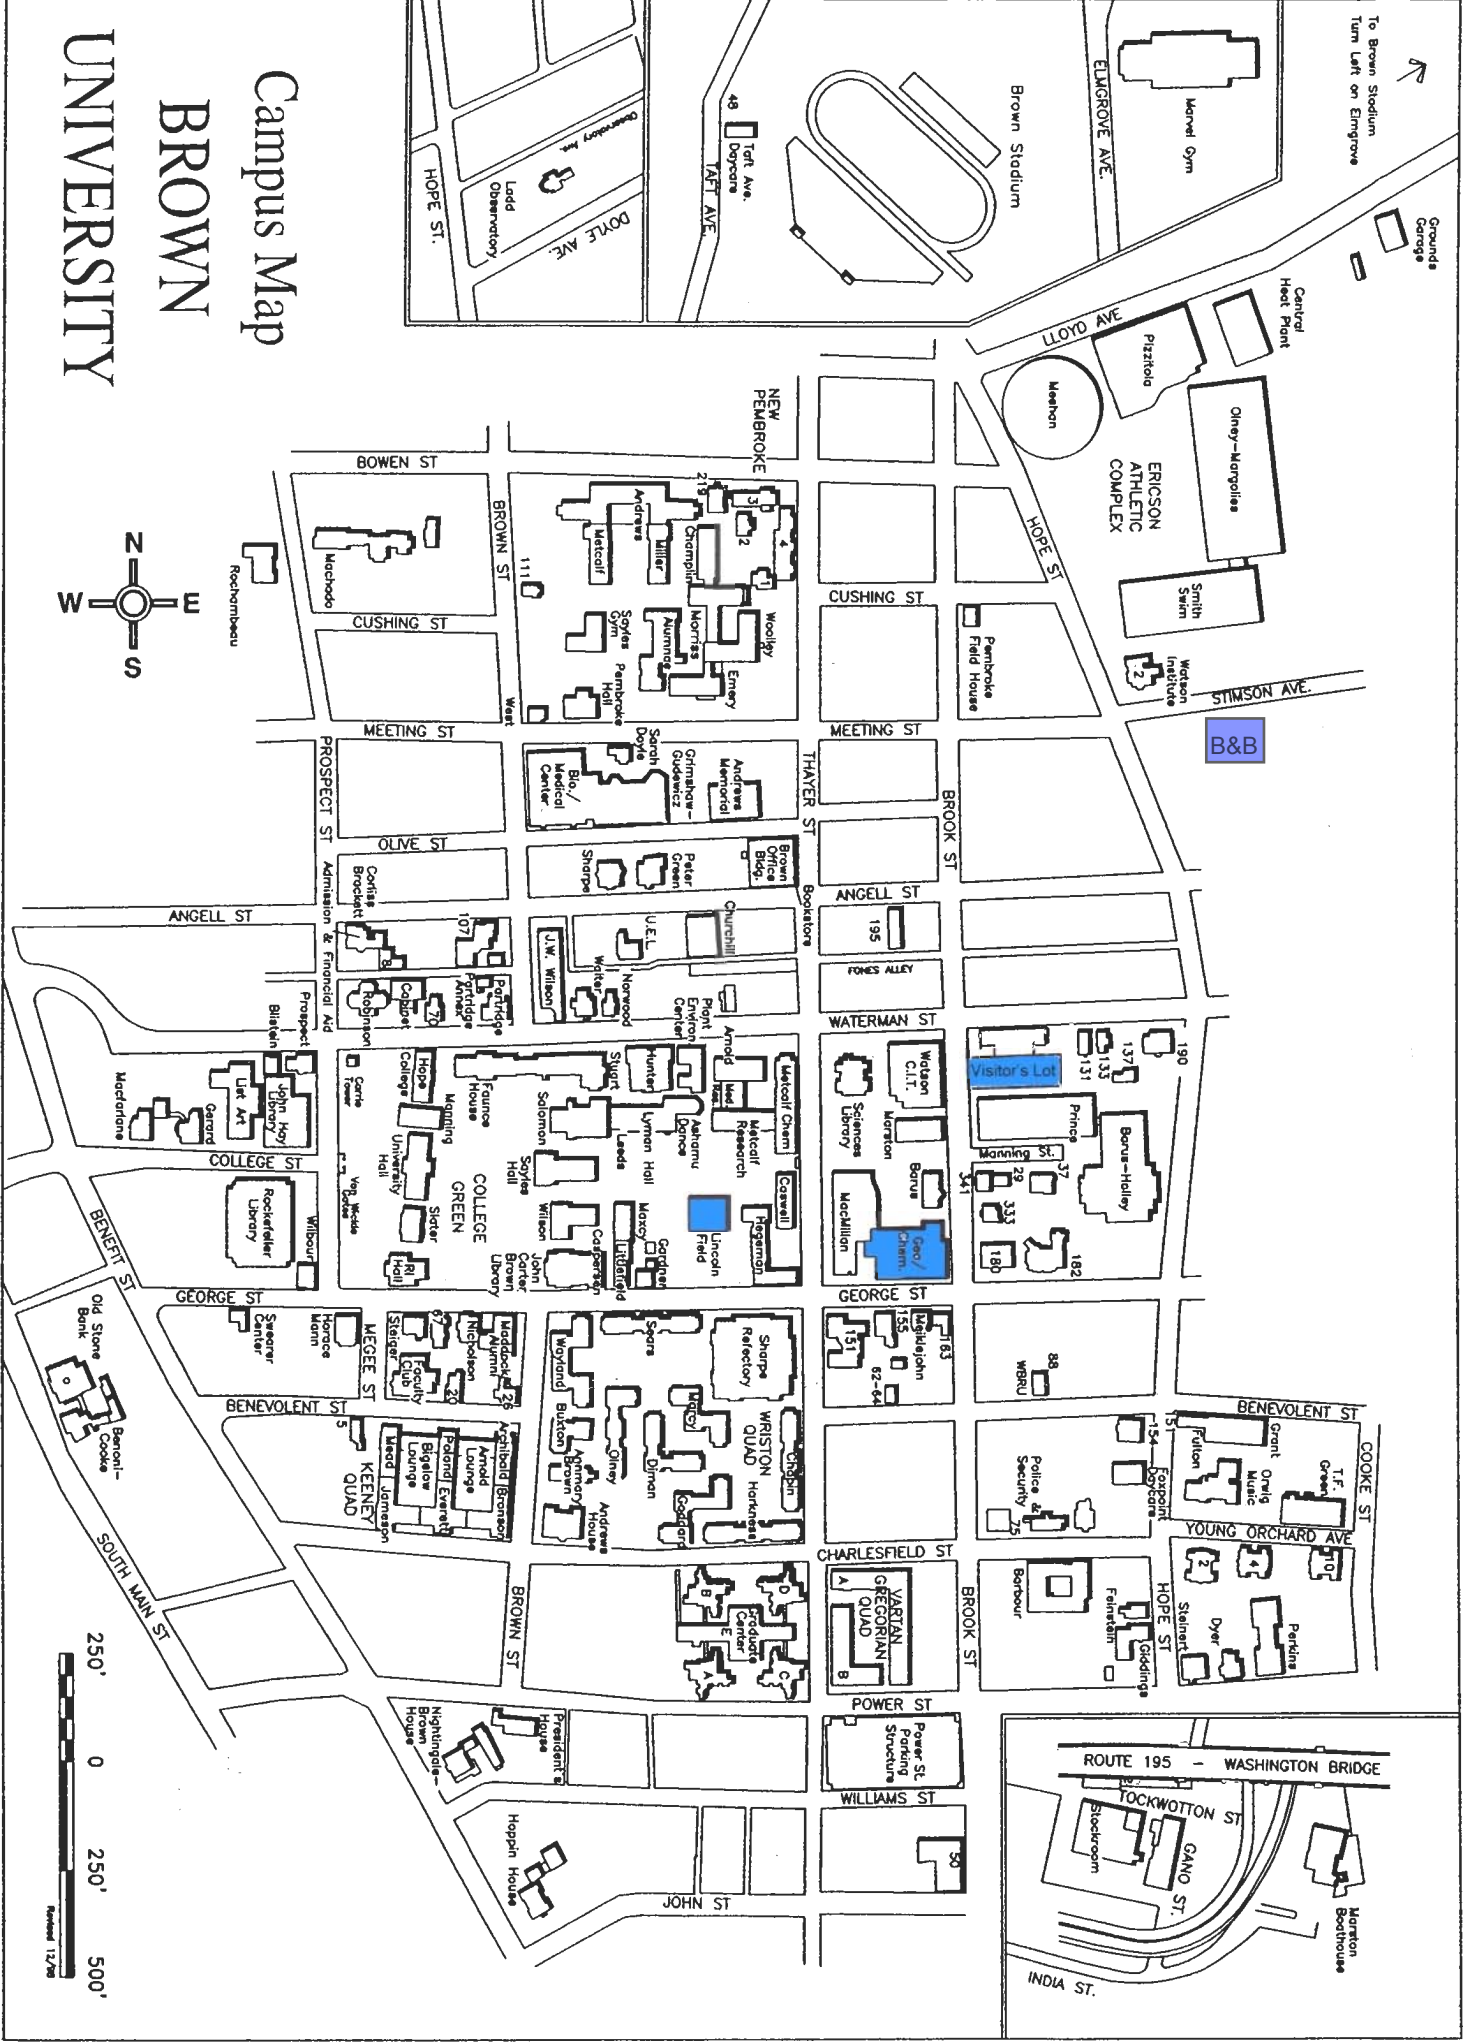

If the visitor parking lot is full, you can often find on-street parking, but do heed to posted parking limit signs (usually 2 and 3 hour spaces).
