

Pediatric Research Colloquium

Fridays, 1:30 p.m.

Women & Infants Hospital, South Pavilion Aud 4

- February 3** **Yeast invaders: Adhesion and invasion of endothelial cells by *Candida parapsilosis***
Sunil Shaw, Ph.D.
Assistant Professor of Pediatrics (Research)
Alpert Medical School of Brown University
Associate Director, Molecular Core
COBRE for Perinatal Biology
- February 10** **Newborn Acoustic Cry Characteristics as an Early Sign of Risk for Autism**
Stephen J. Sheinkopf, Ph.D.
Assistant Professor of Psychiatry & Human Behavior and Pediatrics (Research)
Alpert Medical School of Brown University
Brown Center for the Study of Children at Risk
Brown University and Women & Infants Hospital of Rhode Island
- February 17** **Circuit-selective expression of presynaptic fragile X proteins**
Michael Akins, Ph.D.
Postdoctoral Fellow
Department of Neuroscience
Brown University
- February 24** **“Using novel genomics and bioinformatics applications for understanding the genetic contributions to preeclampsia”**
Elizabeth Triche, Ph.D.
Assistant Professor of Epidemiology
Alpert Medical School of Brown University
and
Alper Uzun, Ph.D.
Postdoctoral Research Fellow
Center for Computational Molecular Biology
Alpert Medical School of Brown University
Department of Pediatrics
Women & Infants Hospital of Rhode Island
