NOTE FROM: OLIVER WORTH

Subject: Public Affairs Campaign on Central America

Elliott Abrams has just called from New York, followed by an urgent call from [redacted] Last night Costa Rican Interior Minister Carion held a press conference in San Jose and announced that Costa Rican authorities had discovered a secret airstrip in Costa Rica that was over a mile long and which had been built and used by a Co. called Udall Services for supporting the Contras. In the press conference the minister named one of Wick's agents (Olstead) as the man who set up the field as a "training base for U.S. military advisors." Damage assessment: Udall Resources, Inc., S.A. is a proprietary of Project Democracy. It will cease to exist by noon today. There are no USG fingerprints on any of the operation and Olstead is not the name of the agent - Olstead does not exist.

Elliott has said that he and the Secretary [redacted]
