

PROVIDENCE PRESERVATION SOCIETY

Mr. Lee Warshansky,
PO Box 4655
Brown University,
Providence, R.I. 02912

Dear Mr. Warshansky,

It is my pleasure to inform you that the Marker Committee of the Providence Preservation Society considers your house eligible for a historic marker.

These markers are awarded to buildings of architectural and historic importance which have been well maintained in a manner compatible with their historic period, and which enhance their neighborhood. The marker is also a way to inform others of the important heritage of our city. We therefore ask you to display the marker (where possible) on the left corner of the building, facing the street and at eye level.

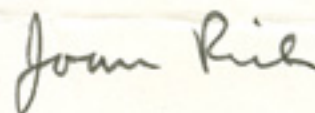

We thought you would also like to know that we have a free Consultant Bureau to help owners with any changes they might want to make so that we may maintain this heritage.

As you know, there is a \$33.00 charge to cover the cost of the marker, and a \$12.00 fee towards the costs of research. I would be glad to order your marker when we have received your check.

If I can be of any further service, please contact me at 831-7440.

The day we stopped at the house there was a lot of old furniture on the lawn. We assume that is not typical.

Sincerely yours,

Joan Rich
Co-ordinator of Neighborhood Services
