

Telling Machines What to Do

Michael Littman

Professor of Computer Science, Brown University

Thursday, May 1st, 2014, 7:00 - 8:30pm

Flatbread Company, 161 Cushing Street, Providence

Science Underground is a Providence-based science café for anyone interested in learning about science and talking with scientists in a non-academic setting.

Sponsored by Brown University's Science Center, The Triple Helix, and Sigma Xi
