At the conclusion of the exercises the graduating seniors are asked to remain in place while the color guard and the platform party leave the grounds of the Meeting House, until directed to leave by a marshal or an aide. The assembly will then move to the College Green for the University ceremony. (*See page 4.*)

## THE MEETING HOUSE OF THE FIRST BAPTIST CHURCH IN AMERICA

The Meeting House, completed in 1775, was built "for the Publick Worship of Almighty God, and also for holding Commencement in." Central parts of the Brown Commencement ceremonies have been held here ever since. Moreover, during their tenure three Brown presidents were also ministers of this church, and all of the presidents who held office between 1764 and 1937 were Baptist clergymen. This year, due to the large size of the class of 2007 and the increased scrutiny and regulations with respect to seating capacity at gatherings in Rhode Island, some changes had to be made to the College Ceremony, which has traditionally been held inside the Meeting House. Following extensive discussions and consultations with seniors and others, the University decided to hold the ceremony on the grounds of the Meeting House, where the conferral of degrees will take place, and then continue with the senior orations at the University ceremony on the College Green. Today's ceremonies keep the class of 2007 together and maintain a meaningful and substantive portion of the Commencement ceremony on the Meeting House grounds.

Following the benediction the audience is requested to remain standing until the platform party has left the main floor of the Paul Bailey Pizzitola Memorial Sports Center.

## DIPLOMAS

Seniors, parents, and guests are requested to go to the locations designated for the departmental distribution of diplomas. A listing of the locations appears on page 32 of the program.

### IN THE EVENT OF STORM CONDITIONS

The Commencement Procession will be cancelled only in the event of heavy rain conditions. If the rain plan is in effect, it will be announced on the Brown University home page ([www.brown.edu](http://www.brown.edu)), a yellow pennant will be flown on the flagpole on the College Green, and a message will be left at 401 863-2474.

Some undergraduates have expressed a desire to pass through the Van Wickle Gates even in the event that severe rain forces the change of venue to the Pizzitola Center. Undergraduate students who wish to process as a group, regardless of rain, may assemble under the tent in front of Manning Hall and process through the Gates at 11:15 and then walk to Pizzitola Center.

However, in life threatening weather conditions, such as lightning, there will be no informal procession and undergraduates should report directly to Pizzitola Center by 11:45.

Students who do not wish to process in the rain should report to Pizzitola Center by 11:45. The Van Wickle Gates will remain open until 6:00 P.M. Monday for your convenience.

For parents and guests, the event will be simulcast to Salomon Center, Sayles Hall, and Meehan Auditorium. Departmental diploma ceremonies will be held in the assigned rain plan locations immediately following the College ceremony.

care of the sick, the promotion of  
health, and the service of humanity.

In the spirit of those who have  
inspired and taught me, I will seek  
constantly to grow in knowledge,  
understanding, and skill and will  
work with my colleagues to  
promote all that is worthy in the  
ancient and honorable profession  
of medicine.

The health and dignity of my  
patient will ever be my first concern.  
I will hold in confidence all that  
my patient relates to me. I will not  
permit considerations of race,  
gender, sexual preference, religion,  
nationality, or social standing to  
come between me and my duty to  
anyone in need of my services.

This pledge I make freely and  
upon my honor.

# Brown University's 18th President

RUTH J. SIMMONS

Ruth J. Simmons was sworn in as the 18th president of Brown University on July 3, 2001. Under her leadership, Brown is making new investments to secure its standing as one of the world's finest research universities.

A French professor before entering university administration, President Simmons also holds an appointment as a professor of comparative literature and of Africana studies at Brown. She graduated from Dillard University in New Orleans before completing her Ph.D. in Romance languages and literatures at Harvard. She served in various administrative roles at the University of Southern California, Princeton University, and Spelman College before becoming president of Smith College, the largest women's college in the United States. At Smith, she launched a number of initiatives, including an engineering program – the first at an American women's college.

Simmons is the recipient of many honors, including the German DAAD, a Fulbright Fellowship to France, the 2001 President's Award from the United Negro College Fund, the 2002 Fulbright Lifetime Achievement Medal, and the 2004 Eleanor Roosevelt Val-Kill Medal. She has been a featured speaker in many public venues, including the White House, the World Economic Forum, the National Press Club, the American Council on Education, and the Clinton Global Initiative, and has spoken on a wide array of educational and public policy issues, including institutional governance, diversity, the importance of liberal arts, women in science, the impact of internationalization on higher education, and access to education. Simmons is a member of the National Academy of Arts and Sciences, the American Philosophical Society, and the Council on Foreign Relations, and serves on a number of boards. She has been awarded the Centennial Medal at Harvard University, as well as numerous honorary degrees.

## THE ALMA MATER

TUNE: "Araby's Daughter," George Kiallmark  
(1781–1835)

TEXT: "Alma Mater," James Andrews  
DeWolf, class of 1861 (1839–1909)

Alma Mater! We hail thee with loyal devotion  
And bring to thine altar our off'ring of praise;  
Our hearts swell within us with joyful emotion  
As the name of Old Brown in loud chorus we raise.

The happiest moments of youth's fleeting hours  
We've passed 'neath the shade of these time-  
honored walls;

And sorrows as transient as April's brief showers  
Have clouded our life in Brunonia's halls.

## Notes on Commencement and the Procession

Commencement day at Brown University is a time of great ceremony, pageantry, and rejoicing, much of it representing traditions that are centuries old.

### COMMENCEMENT HISTORY

The seventh-oldest college in the United States, Brown was founded in 1764 as the College of the Colony of Rhode Island under the leadership of the Rhode Island Baptists.

The first Commencement was held on September 7, 1769, in the College's then home, the Baptist Meeting House in Warren, Rhode Island. Seven young men were awarded degrees. The institution moved to Providence the following year.

For the six years prior to the Declaration of Independence, Commencement ceremonies were held in Father Snow's Meeting House in downtown Providence, now Beneficent Congregational Church. In 1776 the ceremony moved to the First Baptist Meeting House, built in 1774–75 to house the oldest Baptist church in America, founded by Roger Williams in 1638. Erected "for the publick Worship of Almighty GOD and also for holding Commencement in," the meeting house is now a National Historic Landmark.

In the early days, Brown's Commencement was known as "the festival of Providence," widely attended by townsfolk. So disorderly was their conduct that in 1791, the Rhode Island General Assembly passed a law requiring the high sheriff of Providence County to attend all Commencements "to preserve the peace, good order, and decorum in and about the Meeting House." The sheriff still marches, identifiable by full evening dress, high silk hat, blue sash, and sword.

During the 20th century, members of Brown's alumni classes began to hold five-year reunions to coincide with Commencement weekend. Today more than 4,000 alumni and their families return to College Hill each year for a series of events capped by the Commencement procession on Sunday morning.

### THE PROCESSION

Sunday morning, while the Commencement procession forms on the College Green, the Brown Band begins to play the liting "Brown Commencement March." The music is punctuated by the pealing of the College bell, which has rung from the cupola of University Hall since 1791; it is joined by the Meeting House bell, imported from England in 1775.

As the procession marches from the campus down College Hill to the Meeting House, it passes through the Van Wickles Gates, which swing open only twice a year: inward to admit new students at Opening Convocation in the fall and outward on Commencement Day to discharge the degree candidates.

The parade is led by the chief marshal, a member of the 50-year reunion class; and by the chief and assistant chief of staff. They are followed by the color guard and alumni aides and marshals from the reunion classes. The men traditionally dress in top hats and tails, while women wear academic robes. The faculty, alumni, graduating class, present and emeriti members of the Brown Corporation, invited guests, and the presidential party round out the mile-long procession. At one point, the procession stops and forms an inversion to allow each marcher to pass by all the others, to mutual applause.

### THE MACE

Once a weapon used to crush an opponent's armor, the mace is now a symbol of authority. Brown's mace, which weighs more than 20 pounds, was given to the University in 1928. It is adorned with symbols from Brown's past and with the names of its presidents and prominent 19th-century alumni. The mace is carried in processions at the opening of the academic year, at Commencement, and at ceremonies where honors or degrees are to be awarded.

### ACADEMIC REGALIA

The president's academic gown, and the golden chain and pendant that adorn her neck, became the official presidential regalia during the University's bicentennial celebration in 1964–65. The robe was designed by the late Anne S.K. (Mrs. John Nicholas) Brown, an expert on military and ceremonial dress. The caps, gowns, and hoods of others in the procession represent a tradition of academic dress that began in the 12th and 13th centuries, when they were adapted from clerical garb.

### ACADEMIC HOODS

A scholar's hood, worn around the neck and hanging down the back, denotes degree, field, and alma mater. The band of velvet circling the outer edge of the hood varies in width according to the highest degree attained: narrow for the bachelor's degree, medium for the master's, and broad for the doctorate. The color represents the field of scholarship: arts and letters, white; economics, copper; education and pedagogy, light blue; engineering, orange; humanities, crimson;

law, purple; medicine, kelly green; music, pink; philosophy, blue; science, gold; and theology, scarlet. The hood is lined with the colors of the institution attended by the wearer. A Brown University hood is lined in seal brown crossed by a broad band of cardinal red.

### THE MANNING CHAIR

When the procession reaches the Meeting House, the centuries-old Manning Chair is put to use. This office chair belonged to Stephen Hopkins, Brown's first chancellor, a signer of the Declaration of Independence, and an early Rhode Island governor. It was used by Brown's first president, James Manning, and has seated successive presidents on Commencement Day and at their inaugurations.

### CONFERRING OF DEGREES

The conferring of undergraduate degrees is accomplished verbally on the grounds of the Meeting House, and the presentation of symbolic diplomas comes later on the College Green. Still later in the day, the seniors receive their actual diplomas at individual departmental ceremonies. The Graduate School and Medical School have separate convocations for the awarding of advanced degrees.

### THE CEREMONY ON THE GREEN

Following the senior orations, the University ceremony takes place. The president bestows diplomas on representatives of each category of baccalaureate degree and then speaks this admonition: *Videte igitur ut probe, integreque, in emolumentum rei publicae et in Dei honorem, ut decet eos hoc gradu honoratos vos geratis.* "Take care that you conduct yourselves, with probity and integrity to the credit of the state and the honor of God, as befits those who have been honored with this degree." The ceremony continues with the symbolic awarding of the medical and graduate degrees. A benediction concludes the formalities on the College Green.

Departmental ceremonies immediately follow the ceremony on the Green. Each ceremony is conducted by the department chair and attended by faculty, a representative from the Corporation, the degree candidates, and parents and guests. The ceremony sites are listed at the end of the Commencement program.

## Candidates for Honorary Degrees

**STANLEY M. ARONSON**  
*Doctor of Medical Science (D.M.S.)*

Stanley M. Aronson, M.D., M.P.H., is far more than a respected physician; he is the founding dean of Brown's Warren Alpert Medical School (1970–81) as well as a neurologist, educator, lecturer, historian, and author.

A native of New York City, Aronson was educated at City College of New York, New York University College of Medicine, and Harvard University School of Public Health. In his more than 60 years in medicine, he has dedicated himself to improving public health while serving on the faculties of Brown, Columbia, and the State University of New York; and as a visiting professor and consultant at universities and hospitals throughout Rhode Island and abroad. He also has advocated for the sick through his extensive community work. With colleagues and clergy, he helped to establish the state's first hospice program, and he served as president of the Interfaith Health Care Ministries.

Aronson is well known beyond campus as a prolific writer. The author of more than 400 scientific articles and books, he has also written dozens of columns and essays on the causes, effects, and history of disease that are published regularly in *The Providence Journal*.

**CHRISTOPHER J. BERMAN '77**  
*Doctor of Humane Letters (L.H.D.)*

Christopher J. (Boomer) Berman '77 began his broadcasting career at Brown as sports director for WBRU radio, where he became the voice of Brown's athletic teams. He joined the Entertainment and Sports Pro-

gramming Network (ESPN) in 1979, one month after it began broadcasting, and he has been with the network since, becoming one of television's most popular and respected sportscasters. He has been a host and anchor of *SportsCenter*, *NFL Primetime*, *Sunday NFL Countdown*, *Baseball Tonight*, *U.S. Open Golf*, and other programming on ESPN, as well as ABC's *Monday Night Football*—work that has earned him the National Sportscaster of the Year Award six times.

Berman is noted for his distinctive on-air enthusiasm, knowledge, and wit, and he is famous for his inventive player nicknames. He and ESPN programs featuring him have earned nine Emmy Awards and 12 Cable Ace Awards. In addition to his broadcasting work, Berman has played himself in 11 movies, lent his voice to a video-game version of ESPN football, and appeared in television cameos and music videos. He was inducted into Brown's Athletic Hall of Fame in 1991.

**KATE BURTON '79**  
*Doctor of Fine Arts (D.F.A.)*

Kate Burton earned a bachelor's degree in Russian studies and European history from Brown in 1979, then earned an M.F.A. from the Yale School of Drama. An accomplished actress of stage, film, and television, she is a

three-time Tony Award nominee for her roles in *Hedda Gabler*, *The Elephant Man*, and *The Constant Wife*; a daytime Emmy winner for *Notes for My Daughter*; and a recent prime-time Emmy nominee for her role as Dr. Ellis Grey in ABC's hit drama *Grey's Anatomy*.

Burton is a frequent player on Broadway, most recently in *The Water's Edge*. She has appeared in the films *Unfaithful*, *Big Trouble in Little China*, *The Ice Storm*, and *Anne of a Thousand Days*, among many others. Her television work has included recurring roles on *The West Wing*, *The Practice*, and *Law and Order*, as well as roles in *Rescue Me* and the HBO miniseries *Empire Falls*. In 1984 she co-starred with her father, the legendary Richard Burton, in the CBS miniseries *Ellis Island*.

Burton recently has been a member of Brown's Creative Arts Council Advisory Board, mentoring students and strengthening theater and the arts at Brown and with the Trinity Consortium.

**SCOTT S. COWEN**  
*Doctor of Laws (LL.D.)*

Scott S. Cowen is the 14th president of Tulane University, where he holds joint appointments as the Seymour S. Goodman Memorial Professor of Business and as a professor of economics.

Since his arrival in 1998, Tulane has more than doubled its undergraduate applications, experienced all-time highs in student enrollment and quality, doubled the level of total private giving to the university, and received a record level of research awards. In recognition of these efforts, *Newsweek* magazine listed Tulane University as one of the "hottest" schools in the country.

Following the devastation of Hurricane Katrina, Cowen was credited with reinventing and resuscitating Tulane. He was also appointed by New Orleans Mayor Ray Nagin to rebuild the city's failing public school system and, as part of that effort, established an Institute for Public Education Initiatives. Cowen has held several leadership positions in national academic and professional associations, and he has extensive experience in business as a corporate director and consultant. He is the author of four books and more than 100 academic and professional articles, essays, and reviews; he is also the recipient of several national awards and honors.

**NORMAN C. FRANCIS**  
*Doctor of Laws (LL.D.)*

Norman Francis is the country's longest-sitting college president, having led Xavier University of Louisiana through four decades of growth to become a nationally recognized leader in minority education.

Born of humble beginnings, he earned a work scholarship to Xavier and graduated in 1952. After becoming the first African-American graduate of Loyola University Law School, he returned to Xavier to begin his administrative career. He was appointed the first lay president of the Catholic university in 1968. Since then Xavier has more than tripled its enrollment, broadened its curriculum, expanded its campus, and received national attention for its award-winning academic initiatives.

Francis has served as an advisor to five U.S. presidents. As a member of the historic National Commission on Excellence in Education, he promoted the urgent need for educational reform in U.S. schools, as outlined in the commission's groundbreaking publication, *A Nation at Risk*. In the wake of Hurricane Katrina, Francis was appointed chairman of the Louisiana Recovery Authority, while simultaneously leading the university's own rebuilding effort. In recognition of this work, as well as his leadership on civil rights, educational, and civic issues, Francis was presented the Presidential Medal of Freedom, the nation's highest civil award, in 2006.

**MARVALENE HUGHES**  
*Doctor of Laws (LL.D.)*

Marvalene Hughes is the ninth president and first woman president of Dillard University, appointed in July 2005 – just weeks before the school was devastated by Hurricane Katrina. Since then she has guided Dillard

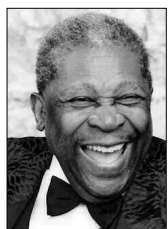

through the rebuilding and remodeling of its historic 55-acre campus, which sustained more than \$400 million in damage.

Prior to her tenure at Dillard University, Hughes was president of California State University at Stanislaus; in her 11 years leading that institution, she was credited with increasing enrollment, fundraising, and capital construction; and with achieving many national rankings for the first time in the University's history. In addition, she has served in high-level administrative positions at several other major research institutions and has been an active leader in national organizations, including the Association of American State Colleges and Universities (AASCU) and the National Association of State Universities and

Land Grant Colleges (NASULGC). In 2006, she served as co-author of the AASCU / NASULGC national document on diversity.

Hughes earned her Ph.D. in administration and counseling from Florida State University, after studying at Tuskegee University, New York University, and Columbia University. She has conducted research and authored numerous articles related to education, managing organizations, human behavior, and diversity.

**RILEY "B.B." KING**  
*Doctor of Music (D.Mus.)*

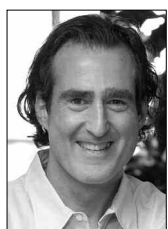

B.B. King is widely considered to be one of the greatest blues singers and guitarists of all time. Since he started recording in the late 1940s, the "King of the Blues" and his guitar Lucille have thrilled audiences, influenced generations of guitarists, and helped give the blues its special place in the American musical tradition.

King has released more than 50 albums, many of them classics. Over the years, the Grammy Award-winner has had two number-one R&B hits – "Three O'Clock Blues" (1951) and "You Don't Know Me" (1952) – and four number-two R&B hits – "Please Love Me" (1953), "You Upset Me Baby" (1954), "Sweet Sixteen, Part I" (1960), and "Don't Answer The Door, Part I" (1966). Soon after his first number-one hit in 1951, King began touring nationally and still performs an average of 275 concerts a year.

King's numerous tributes and honors include 14 Grammy Awards, including the Lifetime Achievement Award in 1987; induction into the Blues Foundation Hall of Fame, the Rock 'n' Roll Hall of Fame, and the NAACP Image Awards Hall of Fame; the Presidential Medal of the Arts, the Presidential Medal of Freedom, and dozens of achievement awards from various publications and organizations.

**CRAIG C. MELLO '82**  
*Doctor of Science (D.Sc.)*

Craig Mello, a professor of molecular medicine at the University of Massachusetts Medical School (UMMS), shared the 2006 Nobel Prize for Physiology and Medicine with Andrew Z. Fire for their discovery of RNA interference, which demonstrated that RNA plays a key role in gene regulation. The discovery, published in the journal *Nature*, was described in the Nobel citation as "a fundamental mechanism for controlling the flow of genetic information." Their findings are already being used in research that could lead to new diagnostic tools and treatments for a variety of illnesses and disorders, including AIDS, hepatitis, diabetes, and cancer.

Following in the footsteps of his alumni parents, Mello graduated from Brown in 1982, earning his Sc.B. in biochemistry; he earned his Ph.D. in cellular and developmental biology from Harvard University in 1990. He was a postdoctoral fellow at the Fred Hutchinson Cancer Research Center and has been a Howard Hughes Medical Institute investigator since 2000. He joined the faculty of UMMS in 1994. He and Fire have won numerous other awards for their work, including the National Academy of Sciences Award in Molecular Biology in 2003, the Gairdner Foundation International Award in 2005, and the Paul Ehrlich and Ludwig Darmstaedter Prize in 2006.

**SAMANTHA POWER**  
*Doctor of Humane Letters (L.H.D.)*

Samantha Power is a journalist and a scholar of foreign policies related to human rights, genocide, and AIDS. Raised in Ireland before coming to the United States in 1979, she is a graduate of Yale University and Harvard

Law School. From 1993 to 1996, she covered the Yugoslav wars for *U.S. News & World Report*, *The Boston Globe*, *The Economist*, and *The New Republic*. Her book, *A Problem from Hell: America and the Age of Genocide*, won the 2003 Pulitzer Prize for nonfiction, the 2003 National Book Critics Circle Award for nonfiction, and the Council on Foreign Relations' Arthur Ross Prize for the best book in U.S. foreign policy. Power's article for *The New Yorker* on the horrors in Darfur won the 2005 National Magazine Award for best reporting.

Power is currently the Anna Lindh Professor of Practice of Global Leadership and Public Policy at Harvard's John F. Kennedy School of Government. She was the founding executive director of the Carr Center for Human Rights Policy, and in 2004 she was named by *Time* magazine as one of the 100 top scientists and thinkers of the year. Her new book, *Sergio Vieira de Mello: A Man For the Dark Times*, will be released in August.
