*In applying for this leave, I am aware that it is subject to the following terms and conditions and agree that my leave will comply with these terms and conditions:*

- *A faculty member may not hold a second, regular (tenure-track or tenured) appointment at another university, concurrently with the appointment at Brown.*
- *A faculty member on sabbatical may not receive compensation for services at another institution, except that on a full-year sabbatical at less than full salary, a faculty member may request permission to teach or work elsewhere.*
- *Leaves of more than one year may be granted only in exceptional circumstances. Any leave of absence from Brown University may not extend beyond two consecutive years.*
- *If a faculty member is serving as the Principal Investigator, Co-Principal Investigator or Project Director on a grant or contract at the time leave is requested, the faculty member must contact their contract administrator in OSP (x3-2777) to review applicable sponsor requirements regarding a leave. Note that federal regulations require prior agency approval if there will be an absence for more than three months, or a 25 percent or greater reduction in time devoted to the project, by the approved Project*

*Director or Principal Investigator. Note also that the university's intellectual property policy continues to apply to faculty while on leave.*

- It is a faculty member's responsibility to contact the Benefits Office to determine any consequences leave status might have on University-provided benefits. Arrangements to continue benefits during a leave may require direct payment to the University during the leave.*
- Leaves with pay (sabbatical leaves or leaves on special assignment) are provided as an investment in a faculty member's future professional contributions to the University. Accordingly, a faculty member on any kind of paid leave is required to return to active teaching duty for at least one year following completion of the paid leave. Failure to do so may result in liability for reimbursement to the University for the salary and benefits paid by the University during the period of the leave.*

**Any exceptions to the above rules must be approved in writing by the Dean of Medicine and Biological Sciences.**

Please type your name below, date and give to your department chair (or chairs, if you have a joint appointment) for approval. Chairs should review the request and, if approved, forward the signed form to [bmfa@brown.edu](mailto:bmfa@brown.edu). If you have a joint appointment, please send a copy of the signed form to your second department chair.
