

METRICS

RESEARCH SCHOLAR TRACK

PROFESSOR

Established an independent or collaborative, productive research program supported primarily by sustained, significant external, peer-reviewed grants. Where collaborative, team-based research is the norm, the contribution should be substantive and distinct. Continuous record of highly regarded research publications since last promotion. International reputation. A record of excellence in teaching/advising/mentoring.

METRICS

INDEPENDENT OR COLLABORATIVE, HIGH QUALITY PRODUCTIVE RESEARCH

Peer-reviewed publications arising out of your research program.
Can be a part of a multi-site study.
Senior authorship required (first/last author (per norms for your field)).
Can collaborate on research as methodology creator but your contribution must be significant and distinct from the other researchers. You can show this by presenting your research methodologies nationally/internationally.

INTERNATIONAL REPUTATION IN YOUR AREA OF RESEARCH

Participation in international professional societies including leadership roles.
Organizing sections for conferences.
Invited presentations at international conferences.
Editorial board membership on peer-reviewed journals.
Service on national or international grant review committees.
National/international awards for research.
Creating research methodologies used by researchers in your field.
Outside referees attest to your international reputation.
International awards for your research.

GRANT FUNDING

No specific requirement for a particular \$ amount.
Can be government/corporate and/or private foundation grants.
Must have peer-reviewed grants for gov't funds.
Can be PI/Co-PI on a grant or play a role in research methodology and/or group collaboration for the research project. Role must be substantive (not merely supportive) and distinct.
Can be PI/Co-PI/Site Investigator or subcontract PI for multi-site study.

DEMONSTRATED RECORD OF EXCELLENCE IN TEACHING, ADVISING, OR MENTORING

Student/resident evaluations, list of mentees and their career progress, testimonials.
Evaluations from CME courses you may have taught and/or conference presentations you may have given.
Teaching awards.

PROFESSIONAL SERVICE

Leading study sections.
Membership in professional societies (international).
Creating methodology/technology used by other researchers in your field.

Departments should note that these metrics are for guidance. Individual departments may have further, specific metrics that they require for their faculty in these tracks.
