

## Senior-Rank Faculty Track Changes

These track change requests for senior-rank faculty (Associate Professor, Professor) do not require a CMFA review:

- **FROM** Teaching Scholar **OR** Research Scholar **OR** (Research) **TO** Clinician Educator **OR** Clinical
- **FROM** Clinician Educator **TO** Clinical

In these cases, the criteria for the requested track have already been met based on the criteria for the current track. To request such a change please submit 1) a Chair's memo detailing why the change is being requested, 2) an updated CV, and 3) the [Teaching Hours Breakdown](#).

All other track changes require a dossier and CMFA review. It is recommended that track change requests be combined with promotion requests when possible.
