Exciting Postdoctoral Positions  
(up to five) in the College of Pharmacy  
at the University of Rhode Island

The Department of Biomedical and Pharmaceutical Sciences at the University of Rhode Island is seeking Postdoctoral Research positions (up to 5) in Natural Products, Medicinal Chemistry, Pharmacokinetics or Molecular Biology in Pharmacology/Toxicology with an emphasis in drug metabolism. The Department is located in the newly constructed state-of-art Pharmacy Building, which houses a highly centralized core facility with a wide range of molecular and analytic instrumentation. Motivated individuals with exceptional records of academic achievements are encouraged to apply. Candidates are expected to have excellent oral and written communication skills and strong records of peer reviewed publications. The positions are available immediately. For consideration, please send curriculum vitae and names of three professional references including contact information to:

Dr. Lynnie Trzoss at ltrzoss@mail.uri.edu (Natural Products)  
Dr. Fatemeh Akhlaghi at fatemeh@uri.edu (Pharmacokinetics)  
Dr. Deyu Li at deyuli@mail.uri.edu (Medicinal Chemistry) or  
Dr. Bingfang Yan at byan@uri.edu (Molecular Biology/Drug Metabolism).

The University of Rhode Island is committed to the principles of affirmative action and the attainment of equal employment and equal educational opportunities for all qualified individuals.
