In compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), your student financial records may not be shared with a third party without your written consent. Adding an authorized user is your written consent that an individual may view your account information and make payments on your behalf. Please note that authorized users DO NOT have access to your stored payment methods, academic records, or other personal information.

Email address of the authorized user

Would you like to allow this person to view your billing statement and account activity? Yes No

We recommend that Authorized Users login and change their password as soon as possible.** If the email has not been received within 5 minutes, we recommend checking spam / junk email boxes.

Authorized User Login: Before taking the following steps, verify that your student has completed the required setup above and confirm which email address the student entered on your behalf. This is the email address you must enter in order to gain access to the system.

- Authorized Users - Access <https://payment.brown.edu> – Enter your email address, full name, and reset the password. (Be sure to enter the email address that the student setup for authorized user access). 8. Enroll in the semester-based Installment Payment Plan

The Installment Payment Plan (IPP) can be used to pay **one semester's** expenses, interest-free, over scheduled monthly installments. Students and families will need to re-enroll for each semester. At the time of enrollment, the non-refundable enrollment fee must be paid and all installment payments must be scheduled to be automatically deducted from a U.S. checking or savings account. More information is provided on our [Student Financial Services](#) website. An outstanding balance of \$500 or more from a previous semester will prevent IPP enrollment. **Important Note:** Choosing to make an optional down payment does not replace the first installment payment. A down payment will reduce all upcoming installments equally.

- Under the “Payment Plan” tab, students and Authorized Users click the “Enroll Now” button to begin Payment Plans

- Select the Payment Plan Term from the dropdown box and select the plan.

- Review the plan to confirm the charges and financial aid that has been included and the schedule for future payments. **Note: The plan enrollment fee will be withdrawn today. If you choose to make an optional down payment, that will be withdrawn today. Choosing to make an optional down payment does not replace the first installment payment. A down payment will reduce all upcoming installments equally.**
