## Don’t Get the Flu
Don’t Spread the Flu

### 2019 ON-SITE Faculty/Staff
**FLU CLINICS**

### COME PREPARED!

- **BROWN IDs ARE REQUIRED** for all faculty/staff

- You will need your medical insurance card and completed **CONSENT FORM**

### PLEASE REVIEW

- **WHAT YOU NEED TO KNOW**
  - Wear clothing that allows easy access to your upper arm.

### FACT!

- The flu shot is designed yearly to protect against the highest risk/actively circulating strains of influenza
- If you get the flu vaccine, you’re 60% less likely not to need treatment for the flu from your healthcare provider
- It takes two weeks for antibodies to develop
- Flu viruses used in flu shots are inactivated so they cannot cause infection
