Dear Students

It our pleasure to invite you as freshman, and older students, from India, to the historic Ladd Observatory for an evening of dinner and socializing.

We would like this to be an opportunity for you to share your experiences of transitioning and settling in at Brown with other students in your shoes who can tell you some of their stories of settling and learning the academic and social "ropes".

As a bonus our hope is that the the skies will be clear, in which case we will also have on hand Observatory staff who will show us amazing views of the Providence night skies through Ladd"s telescopes.

Dean David Targan, Professor Lina Fruzzetti and I, Geeta Chougule, and others, will be there to re-connect with all of you to see how things have been for you so far, and talk about ideas for events and activities that you would like to suggest for future get togethers.

Date: Friday, November 30th

Time: 5:30 pm - 7:30 pm

Location: Ladd Observatory - [210 Doyle Ave, Providence](#) (If you need a ride to get there, let us know)

Please [RSVP here](#). (do not reply to this email, use RSVP link)

We look forward to seeing you there!

Regards

Dean David Targan
Professor Lina Fruzzetti
