Business Meals and Hospitality

Introduction
This policy states the requirements for business meal and hospitality expense reimbursements.

Policy Statement

Business Meals

- Brown University reimburses employees for business meal expenses.
- All University funds—including gifts, grants, and contracts, shall be used in a reasonable and prudent manner and only for activities related to Brown’s primary mission of education, research and public service.
- Meal expenditures that exceed guidelines require Senior Officer approval. A Senior Officer is a member of the President’s Cabinet.
- Non routine business meals (holiday event, summer outing, etc.) may be reimbursed with sufficient explanation or with a Senior Officer approval. Expenses incurred in relation to the following events are not reimbursable: birthdays, weddings, births, showers, etc.
- The number of Brown hosts accompanying a guest for lunch or dinner should be no more than six (exclusive of students).
- Reimbursement for family members is not permitted unless there is a specific business purpose for the family member's attendance at the event. IRS publication 463 states: “you generally cannot deduct the cost of entertainment for your spouse or for the spouse of a customer. However, you can deduct these costs if you can show you had a clear business purpose, rather than a personal or social purpose, for providing the entertainment.”
  - At Brown University, a business purpose for a spouse's attendance at an event includes:
    - an event/meal with a donor
    - an event/meal where the visitor brings his/her spouse, or
    - a department social event

Alcoholic Beverages

When procuring and serving alcoholic beverages at University sponsored events, and in order to be reimbursed, faculty and staff must comply with University policies on alcoholic usage: Brown University Alcohol and Other Drug Policy and the Student Activities Office Event Planning guidelines.

- At no time may alcoholic beverages be served to minors.
- The use of alcoholic beverages while in the conduct of University business should be kept to a minimum.
- In no instance may alcoholic beverages be charged to federally funded grants or contracts, either directly or indirectly.
- Travel Meals and Alcoholic beverages: The cost of alcoholic beverages must be charged to the Exclusions spend item. It may not be charged to travel meals.
- When planning events on campus where alcoholic beverages are served, use of Brown Dining Services, an outside caterer approved by Brown Dining Services, or the Brown Faculty Club is preferred.
- If alcohol is purchased for informal University department functions, the reimbursement request must include the Responsibility for Alcoholic Beverages Form.
- Serving alcoholic beverages at a University event held off campus, such as in an employee’s private home, is strongly discouraged. In such instances where alcoholic beverages are to be available, the sponsor of the event must complete and have approved the statement of
Responsibility for Alcoholic Beverages form, and attach the form to the request for reimbursement.
