

HAVE YOU HEARD?

Workday is changing its user interface in January

interface noun

IN·TER·FACE | \ 'IN-TƏR-FĀS\
abbreviation: UI

Defn: The point at which human users interact with a computer, website, or application. The goal of an effective UI is to make the user's experience easy and intuitive, requiring minimum effort to receive maximum desired outcome.

A SMARTER SEARCH

Workday's Search capabilities will be enhanced to provide more expansive and detailed results.

MEET YOUR NEW HOME PAGE, FEATURING...

- More convenient access to your most frequently used apps
- Streamlined viewing of tasks with due dates
- Prominent displays of assigned or pending transactions and critical information

WORKDAY ASSISTANT

Workday Assistant is a new help tool to guide casual Workday users through basic self-service tasks such as entering time off and updating contact information.

More details coming soon!
