

Biology ScB Tracks

Three (3) courses are required for the advanced thematic Track. There are seven tracks offered with flexibility as to the courses that may be included in each. Below are some possible options, to be discussed with your concentration advisor.

- CEMB - Cell and Molecular Biology
- EBIO - Ecology and Evolutionary Biology
- IMMU - Immunobiology
- NBIO - Neurobiology
- PHBI - Physiology and Biotechnology
- MAR - Marine Biology
- PHSC - Physical Sciences

CEMB (Cell and Molecular Biology)

BIOL 1050, 1200, 1270, 1300, 1310, 1330, 1540, 1545 (typically, BIOL 0280, 0470, or 0500 included in this track)

EBIO (Ecology and Evolutionary Biology)

BIOL 1410, 1420, 1430, 1440, 1450, 1465, 1470, 1475, 1480, 1485, 1500, 1800, and 1880

IMMU (Immunobiology)

BIOL 1250, 1290, 1520, 1550, 1560, 1600, (typically, BIOL 0530 would be included in this track)

NBIO (Neurobiology)

NEUR listings 1000 level or above; BIOL 1100, 1110, 1190, 1260 (typically, NEUR 0010 included in this track)

PHBI (Physiology and Biotechnology)

BIOL 1090, 1100, 1110, 1120, 1140, 1150, 1190, 1200, 1300 (typically, BIOL 0800 included in this track)

MAR (Marine Biology)

BIOL 1440, GEOL 1100, 1110, 1120, 1130, 1240, 1330, 1580, ENVS 1445 (typically, BIOL 0410 or ENVS 0455)

PHSC (Physical Sciences)

Must be a coherent set of courses drawn from the Physical Sciences; courses must be above the introductory level and approved by advisor
