On campus, in the affiliated hospitals, and in our community, our faculty, students, and staff are hard at work, unified in their mission to create new knowledge, to teach and to learn, and to change the world through research. These figures tell the story of the growth and development happening at Brown.
Researchers in the new Cancer Center at Brown University are investigating how cancer develops, grows, and metastasizes, and developing new therapeutics that address patients’ individual needs. They’re also tackling issues of access to and affordability of cancer care. With members from across campus and Brown’s affiliated hospitals, the center is poised to become a powerhouse of research and clinical excellence.

Degrees Awarded in 2020

- bachelor’s: 185
- master’s: 63
- PhDs: 34

Graduate Education

- postdoctoral research associates and fellows: 84
- graduate students: 385
  of which there were
- master’s candidates: 94
- PhD candidates: 291

GRADUATE PROGRAMS

- Biomedical Engineering
- Biotechnology
- Computational Biology
- Ecology and Evolutionary Biology
- Molecular Biology, Cell Biology, and Biochemistry
- Molecular Pharmacology and Physiology
- Neuroscience
- Pathobiology

Andrew Campbell, PhD,
was elected fellow of the American Association for the Advancement of Science. The dean of the Graduate School and a professor of medical science, he studies infectious microbial diseases and leads the NIH-funded Initiative to Maximize Student Development, which has improved recruiting and performance of students from groups historically underrepresented in doctoral programs.

DEGREE PROGRAMS
• Program in Liberal Medical Education (AB or ScB/MD)
• Primary Care-Population Medicine Program (MD/ScM)
• Gateways to Medicine, Health Care, and Research Master of Science in Medical Sciences (MMSc)
• Master’s in Medical Physics (ScM)
• MD/PhD
• MD/MPH

When the pandemic struck Rhode Island, Brown’s faculty stepped up: they cared for patients, wrote testing and treatment guidelines, studied therapies and vaccines, established a COVID-19 biobank—all with statewide, national, and worldwide impact. They played critical roles combating misinformation and served hard-hit communities. Medical students pitched in too, running food drives and staffing phone lines; 48 graduated early to join the front lines.
Lifespan and Care New England signed an agreement to merge and create, with The Warren Alpert Medical School, an integrated academic health system. Brown will participate on the new system’s governing board and play a key role in integrating medical education and research with clinical practice across hospitals.
Working together, Lifespan, Care New England and Brown University will create an integrated academic health system for Rhode Island.
External funding for research HAS GROWN 132% SINCE 2013
The following financial data are for the fiscal year ending June 30, 2020.

Philanthropy makes it possible to carry out the Division’s educational and research missions. The generosity of donors resulted in a number of new gifts in fiscal year 2020.

**New gifts and pledges** $13 million

**Brown Medical Annual Fund** $1.53 million

**CAMPAIGN UPDATE**

*BrownTogether*, the most ambitious fundraising campaign in the University’s history, continues to provide tremendous support for research, faculty, and medical education. Of the campaign’s $3 billion goal, $300 million is earmarked for the Division of Biology and Medicine. To date, donors have generously given $222 million.

To learn more about supporting the Division of Biology and Medicine, please visit  
giving.brown.edu/biomed
With gifts from two generous donors totaling $30 million, Brown is establishing a new Center for Alzheimer’s Disease Research with the aim of building a world-class research program focused on early detection and treatment of Alzheimer’s disease and related dementias.
LEADERSHIP

Jack A. Elias, MD
Senior Vice President for Health Affairs
Dean of Medicine and Biological Sciences

Cailie Burns
Assistant Dean for Biomedical Advancement

Michele G. Cyr, MD
Senior Associate Dean for Academic Affairs

Joseph A. Diaz, MD, MPH
Associate Dean for Diversity and Multicultural Affairs

Kimberly A. Galligan, MBA
Executive Dean for Administration

Edward Hawrot, PhD
Senior Associate Dean for the Program in Biology

Sharon I. Rounds, MD
Associate Dean for Clinical Affairs

Kate Smith, PhD
Senior Associate Dean of Biology for Curricular Affairs

Allan R. Tunkel, MD, PhD
Senior Associate Dean for Medical Education
