

## BME Doctoral Program Petition to Apply Previous Coursework to 2-2-2 Requirement

### Student Information

<b>Last Name</b>	<b>First Name</b>	<b>Middle Initial</b>
<b>Banner ID Number</b>	<b>Program</b>	<b>Advisor</b>

List courses to be applied from post-baccalaureate training (MS, MA, MEng, MD, etc.) to Brown BME's 2-2-2 requirement

Course Number	Course Name	Grade Received	Applied as BIOL/ENGN (* indicates 2000 level)

Credits applied to the 2-2-2 requirement (2 BIOL, 2 ENGN, 2 at 2000-level) must be comparable to courses taught at Brown. Only full-semester, structured courses will be accepted (e.g., includes homeworks, midterms, projects, etc.). Seminar courses and classes not taken for a grade are ineligible. Additional coursework at Brown may still be required beyond the 2-2-2. This should be determined through discussions with your advisor and/or Qualification Exam committee members. Credits beyond those listed above may also be transferred to Brown and applied to the overall credit requirements for graduation.
