SNAPSHOT: CLASS OF 2019

Graduate & MD programs
- Chemistry, University of California, Berkeley
- Chemistry, University of Illinois, Urbana Champagne
- Chemistry, CalTech
- Alpert Medical School
- Environmental Engineering, Yale University
- Mayo Clinic School of Medicine
- Tufts University, Veterinary School

Industry
- Associate Consultant, Trinity Partners
- Medical Scribe, Rhode Island Hospital
- Research Associate, Broad Institute
- Research Assistant, New York University
- Research Assistant, National Institute of Health

Fellowships
- Fulbright Fellowship, India
- Fulbright Fellowship, Japan

Brown Chemistry Alumni & Career Networking Group
DO THE RESEARCH THAT MATCHES YOUR UNIQUE INTERESTS.

Our concentrators are active members of over 30 research groups in the Chemistry Department, across Brown, and at affiliated hospitals.

INTERESTED IN DOING RESEARCH IN THE CHEMISTRY DEPARTMENT?

Contact us!

CHOOSE FROM 3 CONCENTRATIONS.

CHEMISTRY SC.B. / A.B.
Sc.B. Tracks: Chemistry, Materials Chemistry, & Chemical Biology

CHEMICAL PHYSICS SC.B.
Offered jointly with the Department of Physics

BIOCHEMISTRY SC.B.
Offered jointly with the Department of Molecular Biology, Cell Biology, & Biochemistry

GAIN EXPERIENCE + GET PAID.

Many of our students become paid TAs (Teaching Assistants) for introductory courses. In addition to semester research for course credit, students are paid for summer research at Brown. These opportunities are great professional experience and resume builders.
