

WHO ARE ACADEMIC COACHES?

Academic coaches are qualified upper class Brown undergraduate students and graduate students. They work with interested students to achieve academic goals and to gain skills to be life-long learners. Academic coaches facilitate academic workshops and offer individual academic coaching appointments to assist students to:

- Identity each student's optimal learning and studying strategies.
- Discuss time management strategies by reviewing weekly schedule and planning for curricular and co-curricular times.
- Discuss specific academic skills such as reading strategies and taking notes.
- Prepare effectively for exams.
- Develop strategies to complete problem sets and exams in STEM classes.
- Discuss course selections, working with faculty and TA's.
