Contemplative Studies
Community – Engagement Internships

Information Session with Inward Bound Mindfulness Education and the Prison Mindfulness Institute

Contemplative Studies is offering students internship opportunities at organizations that bring contemplative practices to bear on real-world issues. These are full time summer internships ($3000 stipend) that entail a year’s commitment to establish an ongoing collaboration between Brown and either the Prison Mindfulness Institute in Providence, R.I. or Inward Bound Mindfulness Education in Northampton, MA.

Feel free to simply come and hear about the work that these organizations do!

Wednesday, March 18th from 5:30 – 7:30 pm
Wilson Hall. Room 301
