Economics Capstone Project Form

This form must be filled out and submitted by a senior concentrator who wishes to be credited with completing a capstone project or experience. The form requires the name and signature of a faculty member. The form is not needed in the case of an honors thesis.

Student’s name: ____________________________ Student ID: __________
          Last    Middle    First

Concentration: ______________________________

Category of capstone project or experience (check more than one if more than one is important to your application):

__ Indep. Study  __ Paper  __ RA role  __ TA role  __ Seminar/class participation
__ Internship  __ Other

Please describe in 100 to 200 words the nature of the project or experience for which you are requesting capstone credit.

Please give a description of your project in 5 – 12 words (for use in internal records):

Faculty member (write name here): ______________________________

Faculty certification: I have read, listened to, supervised, or discussed the work in question with the student and I verify that the project described meets the standards of intellectual content and effort required of a capstone project in Economics.

Signature: ____________________________ Date: __________

* A capstone is a major project or experience undertaken during the last year in the concentration that is in some sense a culmination or reflection on what one has learned in the concentration. It should be comparable in intellectual substance and effort to a senior thesis but can be more modest in scope and time commitment.
