3:15 - 3:30pm    Refreshment break
3:30 - 4:40pm    David J. Hackam, MD, PhD, FACS
                 The role of TLR4 in injury and repair in the newborn intestine in the pathogenesis of necrotizing enterocolitis

Featured Speakers

David J. Hackam, MD, PhD, FACS
Garrett Professor of Pediatric Surgery
Johns Hopkins Hospital
Baltimore, MD

Claudia V. Jakubzick, PhD
Assistant Professor, Pediatrics & Immunology
National Jewish Health
Denver, CO

Rodger P. McEver, MD
Alvin Chang Chair in Cardiovascular Biology
Oklahoma Medical Research Foundation
Oklahoma City, OK

Dolly Mehta, PhD
Professor of Pharmacology
University of Illinois at Chicago
Chicago, IL

Peter J. Murray, PhD
Professor, Infectious Diseases and Immunology
St. Jude Children’s Hospital
Memphis, TN

Friday, September 18
Nursing Arts Building, 2nd Floor, Rhode Island Hospital

9:00 - 12:00pm   Meet the Professor
                 One-on-one discussions with the guest speakers

70 Ship Street, 1st Floor Conference Room, Brown University
1:00 - 1:45pm    Rodger P. McEver, MD
                 Leukocyte adhesion and signaling in the vasculature

1:45 - 2:30pm    Dolly Mehta, PhD
                 New insights into mechanisms resolving vascular injury

2:30 - 2:45pm    Refreshment break

2:45 - 3:30pm    Peter J. Murray, PhD
                 Amino acid auxotrophy as a central immunological control point

3:30 - 4:15pm    Claudia V. Jakubzick, PhD
                 Monocyte and macrophage function in the lung and lung-draining lymph nodes

Sponsored by the Division of Surgical Research, Department of Surgery
Rhode Island Hospital/Brown University
