Class of MD2023 Textbook List
MD Year I Semester I, 2019-2020 Academic Year

Please note that not all of these textbooks are needed at the start of the semester. In addition, several of these textbooks can be accessed online from the Brown University Library website. “AccessMedicine” and “ClinicalKey” are both linked via http://libguides.brown.edu/health. In addition, we have several hard copies of each of these textbooks available on reserve in the Office of Medical Education (OME) for your use. The Brown bookstore will also have copies available for rental during orientation.

- **BIOL3642 IMS-I: Scientific Foundations of Medicine; Course Leader: T. Salazar-Mather**

     Available through Brown Library (with ID and password) at https://catalog.library.brown.edu/record=b8589822~S7

  3. **Immunology: A Med Student Guide** by Amanda Liu (download as iBook available in iTunes)

     Please note that this textbook will also be used in Semester II in MicrolD.

  5. **Required:** Basic & Clinical Pharmacology (Basic and Clinical Pharmacology) by Katzung and Trevor; Lange Basic Science; McGraw-Hill Medical; 14th Ed, Dec 2017; (You will use this textbook throughout Years I and II). Also available through the Brown University Library via Access Medicine for use: https://accessmedicine-mhmedical-com.revproxy.brown.edu/Book.aspx?bookid=2249

- **BIOL3643 IMS-I: Human Histology; Course Leaders: J. Ou, L.C. Hanley**

- **BIOL3644 IMS-I: Human Anatomy; Course Leader: D. Ritter**

   - Available through Brown University Library via ClinicalKey
     https://www-clinicalkey-com.revproxy.brown.edu/#!/browse/book/3-s2.0-C20150056192
   
   **Note:** This physiology textbook is accompanied by a (recommended) question-and-answer mini-textbook called BRS Physiology (Board Review Series) by Costanzo (2018). LWW; ISBN-10: 1496367618; ISBN-13: 978-1496367617. It is not necessary to buy this accompanying book in Year I, but it is highly recommended for all Year II courses.

4. **Required:** Complete Anatomy App https://3d4medical.com/apps/complete-anatomy (Available in mac, windows, and iPad versions for $49.99)

5. **Recommended:** ONE ATLAS (Choice of any of the three below):

**BIOL3645 IMS-I General Pathology; Course Leaders: A. Kane, L. Dumenco (Lab: L. C. Hanley, J. Ou)**

*Note: This course does not begin until October.*

   - Available via Brown Library through ClinicalKey:
     https://www-clinicalkey-com.revproxy.brown.edu/#!/browse/book/3-s2.0-C20140017194
   
   Please note that for the Year I Semester I General Pathology course, you will find this textbook aka “Baby Robbins” (which is much smaller and more condensed when compared to “Big Robbins” – described below) to be sufficient.

   **Optional (for use throughout Years I and II):** Robbins & Cotran Pathologic Basis of Disease, 9e (Robbins Pathology) by Kumar, Abbas and Aster (Jul 9, 2014) Saunders; This book is sometimes called “Big Robbins”. It is an excellent reference text. Available via Brown Library through ClinicalKey:

- **BIOL3656 IMS-I: Health Systems Science; Course Leaders: G. Anandarajah and E. Tobin-Tyler**

  Several copies are also available on reserve in the Office of Medical Education (OME).
  Available online through Brown Library at: [https://search.library.brown.edu/catalog/b7335993](https://search.library.brown.edu/catalog/b7335993)

  Several copies are also available on reserve in the Office of Medical Education (OME).
  Available online through Brown Library at: [https://catalog.library.brown.edu/record=b8590486~S7](https://catalog.library.brown.edu/record=b8590486~S7)

- **BIOL3640 Doctoring I; Course Leaders: D. Chofay, S. Mitta**
