II. During the Program

Communication
As a general rule, we try to stay tuned in to each other and to our natural surroundings throughout the program, so we ask that use of mobile devices (for phone calls, texting, social media, etc) be limited to free time in the evening. Letting go of the frequent connection to our phones helps us form a community and adjust to a new environment more quickly.

In an emergency, parents may call Carmen Granda, the On-site Director, at (401–440–9587)
Please note: This number will not be active until a few days before the program starts.

Accommodations and Meals
Students will be staying at the Reyes Católicos Residence Hall on the IE University Segovia campus in double rooms equipped with private bathrooms. All bedrooms are fitted with bed and bathroom linen and are cleaned daily.
Students can expect three healthy meals each day served buffet style at the school’s dining hall, with a few meals to be organized at local restaurants. We will work with the IE to make accommodations for dietary restrictions and food allergies if we are notified in advance.

**Health and Wellness**

**Dietary Restrictions and Medical Conditions**

We will work with the staff to make accommodations for dietary restrictions and food allergies if we are notified in advance. Students must communicate significant food allergies that require meal accommodations (e.g. gluten, shellfish, soy, eggs, milk) on the Disability, Medical, and Dietary Services Request Form. Please indicate dietary preferences, including vegetarians and vegans, on the Dietary Concerns Form to allow us to plan accordingly.

**Prescription Medications**

Students’ prescription medications will be collected by the On-site Director or his/her designee on the first day of the program. Students must be responsible for requesting and taking prescribed dosage. Students with life-saving asthma and anaphylaxis medications (e.g. inhalers and Epi-Pens) must keep them on their person at all times. All students who are taking prescription medications should bring prescribed medication in the original container and a copy of their prescription and give it to the On-site Director. Having a copy of the original prescription will enable us to replace medication if needed.

**Personal Health and Medical Emergencies**

The Segovia program is experiential in nature, so students spend minimal time in a traditional classroom setting. The program can be physically challenging as students spend much time walking throughout the city and off-site classroom locations in sometimes very warm and humid temperatures. Students are encouraged to monitor their water intake to avoid dehydration. For your safety and comfort during the program, we expect participants to fully disclose any and all pre-existing medical conditions on the required medical forms.

Program staff maintains a list of medical facilities and providers to provide students with the medical care required. In the event of a medical emergency, students will be transported to a local hospital located within minutes of the IE University Segovia.

**Adequate Sleep**

Our days are busy, requiring the students’ energy and attention throughout the day. Although we ask students to be in their rooms by curfew, we respect the students’ ability to choose when to go to sleep. For some students, this will be a new experience! We encourage students to monitor their sleep requirements and to respect their roommate’s need for sleep.
Insurance
Each student participating in an international Pre-College program is automatically enrolled in HTH Worldwide during the length of the program. HTH Worldwide provides insurance coverage for accident and sickness, and also emergency assistance services. Prior to departure, students will be emailed instructions on how to log into the HTH Worldwide site for coverage and benefit information.

Safety and Supervision
Evening supervision will be provided by program staff staying at the IE University residence halls. Staff is available for support and assistance 24 hours a day.

Quiet hours on campus are from 9:00pm to 6:00am. Curfew is at 10:00pm, at which point students are expected to be in their rooms and to keep noise to a minimum.

Fellow Students
There will be approximately 30 students from all over the United States and the world in the program. Usually there are slightly more girls than boys ranging from grades 10–12.

III. Policies
Code of Conduct
Please review the Brown Pre-College Code of Conduct.

Financial
The payment deadline for the program is Thursday, May 26. Students must be paid in full PRIOR to the start of the program. Please review our financial policies, including payment and refund information.

Students who successfully complete the program will receive a Certificate of Completion. All completion materials, including the evaluation, will be sent 6 weeks after the program concludes.
