At Brown, we believe that making an impact and addressing critical issues in the world demands a diversity of views, experiences and perspectives. Our commitment to generous financial aid is to ensure that financial considerations do not prevent talented students who qualify for admission from choosing Brown. We want to make sure that applicants from all backgrounds and income groups become part of our learning community.

We act on this commitment through “need-blind” admissions. Need-blind simply means that an applicant’s ability or inability to pay the cost of tuition does not determine our admission decision. This applies to U.S. citizens and permanent residents, as well as DACA and undocumented students who attend high school in the U.S.

Q: How does BROWN determine your financial need?

Financial aid bridges the gap between what Brown costs and what your family can afford to pay. To figure this out, we review your financial aid application, calculate your expected contribution and subtract that from the total cost of attendance. The result is your demonstrated financial need.

Q: What types of financial aid are available?

At Brown, all financial aid is need based. We’ll meet your full demonstrated financial need with an aid package that can include many components, such as:

- Brown scholarship funds
- Federal grants
- Work-study employment

We also encourage applicants to explore non-Brown sources of aid, including state and private scholarship funds. Private scholarships will not reduce the amount of scholarship aid you receive from Brown unless those funds exceed the portion of your financial aid package represented by Work Opportunity and Student Contribution.
Start with these **next steps**

1. **APPLY FOR ADMISSION TO BROWN**

3. **SUBMIT THE CSS/FINANCIAL AID PROFILE**
