

## BROWN UNIVERSITY SPRING 2017 CLASS LIST

At Brown, we offer the opportunity for prospective students to attend a class. **Visitors are not permitted to visit courses which are not listed on the approved class list.** The Office of College Admission does not want to inconvenience the Brown faculty who kindly allow guests the privilege of observing their classes. Thus, we ask that you follow a few guidelines when you visit a class:

1. **Please arrive to the class ten minutes early** and let the professor know that you will be observing (unless the class is a large lecture, such as ECON0110, in which case, introducing yourself is not necessary).
2. **Students and family members are welcome to attend rehearsals for Music (MUSC) courses but only students may attend classes.**
3. **Please stay for duration of the class** (unless there is a break, in which case you may leave during the break).
4. **Please turn off and put away cell phones and computers for the duration of the class.**
5. **Please do not participate** in the class unless you are explicitly offered permission by the professor.

Also, it is best to email the department and/or the professor prior to your planned visit. In some cases, such as exam dates, visitors would not be permitted to observe the class. This list will be updated as more professors agree to participate. For the complete course catalog, professor information, and for latest classroom assignments, please visit <https://courses.brown.edu>.
