Dear Colleagues,

As the Brown Admission staff begins its fall travels, I want to take a moment to acknowledge and to express our gratitude to the many students and families we have the privilege of working with. We are committed to ensuring that financial need is not a barrier to accessing a Brown education. We strongly believe that a Brown education should be accessible to all regardless of their economic background.

We are committed to meeting 100% of demonstrated financial need, and we look forward to working with you in what are sure to be exciting times ahead. Please feel free to call us for a successful year.

Sincerely,

Dean of Admission

Note to Counselors

1. Early Decision: We are a single choice Early Decision program. A student admitted Early Decision to Brown is committed to attending, and will continue with full Brown financial aid applications, and any applications to non-Brown Early Decision programs. We make the majority of our initial offers during Regular Decision, with Early Admission representing less than one quarter of the first year admission offers we make each year.

2. No interviews are required, but are strongly encouraged as an opportunity to meet with an admissions counselor in your local area and add another element to an Early Decision application. Early Decision deadlines are held until mid-December, and Regular Decision interviews are held through February. Students who do not set up an interview will still be contacted by an admissions counselor after their application is submitted to Brown. We are unable to offer on-campus interviews. Counselors who select an interview process, and do not adhere to a student’s specific schedule, will wish to reevaluate the Brown application. Additionally, we encourage students to take the ACT or SAT for both Early Decision and Regular Decision, for all students in all academic subject areas. Students should challenge themselves academically and we are more than willing to support any student performing in a different category if that impacts their test score.

Financial Aid

We strongly believe that a Brown education should be accessible to all regardless of their economic background.

• If a family’s combined income is less than $60,000/year, all students’ financial aid package will consist of a parental contribution, grants, work-study, and no student loans.
• If a family’s combined income is less than $100,000/year, the student’s financial aid package will consist of a parent contribution, grants, work-study, and no student loans.

Important Dates

Early Decision

Regular Decision

Financial Aid

Brown-RISD 5-year program

Students applying to these programs must meet the latest application deadlines when completing our application pages in the Common Application.

Program in Liberal Medical Education, 8-year program

Brown offers a unique opportunity to integrate undergraduate and professional studies in medicine in an 8-year program. By combining the open curriculum concept of Brown (The College) and the comprehensive curriculum concept of the Medical College of Pennsylvania, the Brown Medical Program encourages students of medicine in pursue their interests in the humanities, social sciences, and natural sciences even as they prepare for their career aspirations. For more information, please visit: brownmed.brown.edu

Students interested in the program may apply to Brown during the Early Decision or Regular Decision.

Brown-Berkeley 8-year program

These programs prepare students for highly specialized professional fields in medicine, pharmacy, dentistry, veterinary medicine, engineering, and architecture by integrating undergraduate and professional studies in medicine in an eight-year program. By combining the open curriculum concept of Brown (The College) and the comprehensive curriculum concept of the University of California, the Brown Medical Program encourages students of medicine in pursue their interests in the humanities, social sciences, and natural sciences even as they prepare for their career aspirations. For more information, please visit: brownmed.brown.edu

Students admitted to the program will be notified during Regular Decision.
