Financial Aid

We strongly believe that a Brown education should be accessible to all regardless of their economic background.

- If a family’s combined income is less than $60,000/year and the family has less than $100,000 in assets, the student’s financial aid package will not include a contribution from parents, and will consist of a student summer earnings contribution, grants, work-study, and no student loans.
- If a family’s combined income is less than $100,000/year, the student’s financial aid package will consist of a parent contribution, and a student summer earnings contribution, work-study, and no student loans.
- If a family’s combined income is greater than $100,000/year, the student’s financial aid package will consist of a parental contribution, a minimal student summer earnings contribution, grants (for eligible students), work-study, and a student loan expectation.

* Need-blind: Brown is need-blind for all U.S. Citizens and Permanent Residents. Brown is need-aware for all non-US citizens.
* Need-based: All scholarship money awarded by Brown to any student is based solely on need. We do not award scholarships based on academic or extracurricular merit or athletic talent.
* We are committed to meeting 100% of demonstrated financial need for all eligible undergraduates as determined by Brown’s Office of Financial Aid. This year Brown will award $112.5 million in need-based scholarships to eligible students.
* Financial Aid Calculator: This handy tool will help families and prospective students get an estimate of their financial aid eligibility at Brown. (financialaid.brown.edu)

SOUTH: 178
ALASKA AND HAWAII: 13
Required Standardized Testing
(CEEB Code 3094; ACT Code 3800)

Current policy: Either SAT Reasoning and any 2 Subject Tests, or ACT Plus Writing.

We will not require applicants to Brown during the 2016-2017 academic year and later to take the optional Essay on the redesigned SAT. For applicants taking the ACT after March, 2016, we will strongly encourage, but not require the writing component. Brown considers up to the October ACT and November SAT for Early Decision; December ACT and January SAT for Regular Decision. Students should have at least one set of scores in our office by appropriate application deadlines. Brown honors an applicant’s right to use SAT or ACT Score Choice.

Special Programs for prospective applicants

Students applying to these programs must select the appropriate degree option when completing our member page in the Common Application.

Program in Liberal Medical Education, 8-year program
PLME offers a unique opportunity to join undergraduate and professional studies in medicine in an eight-year program. By combining the open curriculum concept of Brown (The College) and the competency-based curriculum concept of The Warren Alpert Medical School, the PLME encourages students of medicine to pursue in depth their interests in the humanities, social sciences, and natural sciences even as they prepare for their careers as physicians. For more information, please visit: med.brown.edu/plme/

Students interested in the program may apply to PLME during Early Decision or Regular Decision.

Brown-RISD 5-year program
The Dual Degree Program draws on the complementary strengths of Brown University and the Rhode Island School of Design (RISD) to provide students with a range of opportunities to develop and integrate academic and artistic work. The program is five years in length. Students may receive a Bachelor of Arts (A.B.) degree from Brown and a Bachelor of Fine Arts (B.F.A.) degree from RISD. For more information, please visit: risd.brown.edu/

Students admitted to the program will be notified during Regular Decision.

Note to Counselors
1. Early Decision: We are a single-choice Early Decision binding program. A student admitted Early Decision to Brown is committed to attend, and must withdraw all Regular Decision applications, and any applications to non-binding Early programs. We make the majority of our admission offers during Regular Decision, with Early Decision acceptances representing less than one quarter of the first-year admission offers we make each year.

2. Interviews are not required, but are strongly encouraged as an opportunity to meet with an alumnus/alumna in your local area and add another element to an applicant’s file. Early Decision interviews are held until early December, and Regular Decision interviews are held through mid-February. Students do not have to set up an interview; they will be contacted by an interviewer after the application is submitted to Brown. We are unable to offer on-campus interviews.

3. Course Selection is an individual process, and we cannot advise on a student’s specific schedule. However, we encourage students to take the most challenging curriculum available to them in the five major subject areas. Students should challenge themselves academically and we are fully aware that every context and every curriculum is different.

4. Counselor Reports: In the interest of your time and ours, we strongly recommend that you limit your letter of recommendation to one page. We would be grateful if you passed this advice to the teachers as well.

+ If you wish to e-mail us, our email convention is: first name_last name@brown.edu
+ While individual admission officers have responsibility for traveling to specific geographic regions, each application is reviewed by a team of admission officers. In this way a variety of perspectives are brought to bear during the selection process. While we welcome you to contact any member of our staff, admission officers travel extensively in the Fall and Spring so they may be delayed in replying to your inquiries. An admission officer is available every inquiry, by phone or email; should you have questions and inquiries you may phone (401) 863-2378 or email admission@brown.edu.
