SERVICES AT A GLANCE

 Career Counselors meet with individual students via phone, video chat, or in-person to support career planning and exploration and offer hundreds of skill-building workshops, social events and other programs throughout the year.

 The Recruiting team hosts employers from a variety of industries at career fairs, coffee chats, information sessions, spotlight programs and on-campus interviews. They also review thousands of job and internship postings each year on the Handshake platform.

 Peer Career Advisors and Graduate Fellows hold walk-in hours to assist undergraduate students and graduate candidates with resumes and cover letters, job and internship searches, and other career-related questions.

 The BrownConnect initiative ensures that students have access to internship opportunities, summer funding, and alumni connections through an active web platform. The program also offers networking and career exploration events with alumni throughout the year.

... and more!
