

DO YOUR EMOTIONS SHIFT SUDDENLY?

BROWN

**Do you tend to feel sad, anxious, angry, guilty
and/or frustrated?**

Researchers at Brown University are looking for female adolescents to participate in a study on relationships between emotions, thoughts, and the brain.

Participation includes attending several laboratory sessions, one of which will involve an MRI scan.

YOU MAY BE ELIGIBLE IF:

- Female
- Age 13-16 years old
- Have one parent or guardian willing to participate in some study activities

Participants will be paid for their time AND receive a picture of their brain to keep!
