

FACILITIES MANAGEMENT

FY 2018 Space Survey

Space and Functional Usage Survey - FY2018

The Department of Facilities Management together with the Controller's Office is conducting a Space Function Usage Survey. The information gathered in this survey forms the basis for the allocation of space related costs, and is typically audited by the Department of Health & Human Services (DHHS) following submission of the proposal to the Federal government for the University's Facilities & Administrative Cost Rate. This survey is designed to capture critical information regarding departmental space utilized for the conduct of external sponsored research and other sponsored activities.

Specified Research Department Administrators do have access to the survey by utilizing the link below.
