Are You a Regular Drinker?

Participants needed for a PAID research study conducted by Dr. Tara White in the Department of Behavioral and Social Sciences at Brown University. This 6 session study investigates the effects of commonly used drugs on mood, behavior, and brain activity, as assessed through an MRI brain scan. If you are between the ages of 21-65 years old and in good health, please call 401-863-6645 for more information. Please leave your name and a phone number where you can be reached.
