From Global Climate Change to Racial Profiling: The Politics of Critical Data Studies

Wendy Hui Kyong Chun

Professor of Modern Culture and Media

Monday, April 9, 2018, 4:00 p.m.

Pembroke Hall 305, 172 Meeting Street

Sponsored by the Pembroke Center

Free and open to the public. Wheelchair accessible.

In order to address the hard problems that face us now—from the proliferation of echo chambers to global climate change—we need vibrant coalitions across the humanities, social sciences and STEM. To foster such dialogue, this talk focuses on the use of proxies in models (to chart the unknown but not unknowable). The models in question are as seemingly disparate as global climate change models and social networking ones.
