

RI-CART Speaker Series: Dr. Ami Klin

RI-CART invites you to attend one or both of the following talks:

Tuesday, November 28th at 6pm:

Optimizing outcomes, moment-by-moment: The next generations of children with autism spectrum disorder

Metacomet Country Club, 500 Veterans Memorial Parkway, East Providence

Wednesday, November 29th at 2pm:

Developmental social neuroscience meets public health challenge: A new system of healthcare delivery for infants and toddlers with autism spectrum disorder

Marcuvitz Auditorium, Sidney Frank Hall, Brown University, Providence

RSVP for Tuesday, November 28th on [Eventbrite](https://www.eventbrite.com), or by contacting Lauren DeMoss at RICART@Lifespan.org or 401-432-1597. (No RSVP needed for November 29th.)

Dr. Ami Klin is an internationally renowned autism researcher and Director of the Marcus Autism Center at Emory University in Atlanta, GA.

The RI-CART Speaker Series is supported by Bailey's Team for Autism and the Hassenfeld Child Health Innovation Institute.
